In this fun and exciting class, Mary Watson will teach your child how to draw with her successful Guided Drawing Lessons. Students will learn to really see the world and then to draw what they see line by line. They are encouraged to begin developing their personal style and add their ideas to each lesson. Experiment with a variety of art media such as graphic markers, oil pastels, colored pencils, graphite pencils and chalk pastels.

Mary has a B.A. in Education from the University of Washington. This is her 18th year teaching drawing and her 5th year at Newcastle Elementary.
